

Free Wood Window Repair Workshop

At the Historic Haven Hill Gatehouse
Highland State Recreation Area
5200 Highland Rd (M-59) White Lake, MI 48383

◆◆◆ **SATURDAY, MARCH 17, 2012** ◆◆◆

Sign-in/Registration 8:30 a.m.

Training 9am - 5pm

Save yourself money ... and while you're at it, the world too.
A hands-on training workshop in the repair of existing wood windows.

Join the Friends of Highland Recreation Area (FOHRA) & restoration specialist Steve Stier and Robin Adair for a full day of hands on training in the craft of repairing/restoring wood windows. Includes training in weatherization and sustainability benefits. Be taught how proper care and maintenance of your existing wood windows will have them performing as good as or better than many replacement windows that are on the market today. Learn how to keep your existing windows serving for another 50 to 80 years rather than the average 15 year life expectancy of replacement windows. Learn how preservation conserves our resources and is the "Greenest" action you can take towards a sustainable environment.

Register today for the full day of hands on training
(Participation is limited and will be filled on a first registered)

Visitors and observers are welcome at any time during the workshop

Workshop sponsored by:

Friends of Highland Recreation Area (FOHRA)
Michigan Barn Preservation Network
Michigan Historic Preservation Network
Oakland County Economic Development & Community Affairs

Please one registrant per form. Workshop participation is limited. **Registrations are due on or before March 14, 2012**
Registrants are asked to participate for the full day of training. People wishing to observe do not need to register and are welcome anytime throughout the workshop. Supplies, coffee and light lunch will be provided courtesy of FOHRA
